

Pre-Orientation Worksheet

Below is information about George Mason’s Mason Core requirements. This worksheet will outline Mason’s requirements and give you an idea of some of the Mason Core classes you can take your first semester at Mason. Please note, completing this form does not guarantee that you will enroll in these courses your first semester. It also does not mean that you will have to take all of these courses your first semester. Please complete this worksheet while viewing the pre-orientation video found at <http://advising.gmu.edu/new-freshmen/>. **Be sure to bring this completed worksheet to your advising session.** If you have questions about completing the worksheet, make sure to mention these concerns when you meet with an advisor.

Please select one or two courses in each of the general education areas using the Mason Core handout. Remember, some general education courses may be major-specific. You will discuss your course selections with an academic advisor during your pre-orientation meeting.
