This minor provides students with opportunities to learn and apply advanced strategies for website design, content development, and user interaction and accessibility in website creation. Students interested in pursuing a career in digital media and web content design and management will develop a portfolio that demonstrates their skills, competencies and products produced throughout the minor.

## Admissions & Policies

### Policies

Eight credits of coursework must be unique to the minor and students must earn a minimum grade of 2.00 in all courses applied to the minor. For policies governing all minors, see AP5.3.4 Minors.

## Requirements

### Minor Requirements

Total credits: 18

Students should be aware of the specific policies associated with this program, located on the Admissions & Policies tab.
