

SENIOR HOUSING ADMINISTRATION MINOR

Banner Code: SHA

Academic Advising

Website: chhs.gmu.edu/students/academic-advising/undergraduate-advising/health-administration-and-policy-advisors

The minor introduces students to the context and foundational knowledge required for administrative or managerial work within residential communities for older adults - including independent living, assisted living, Alzheimer's/memory care, and continuing care retirement communities. Students will examine the current U.S. health care and senior housing environment, best practices in day-to-day management and marketing of senior housing communities, and have the opportunity to gain additional understanding of ethical, legal, and gerontological issues applicable to aging populations. Health Administration majors may pursue either the concentration in Senior Housing Administration or complete senior housing coursework to fulfill elective requirements for other concentrations in the degree.

SOCW 435	Introduction to Gerontology
RHBS 420	Adult Health and Function
HAP 312	Healthcare Law
HAP 392	Human Resources Management in Healthcare
HAP 395	Health Care Finance
HAP 396	Strategic Health Management and Planning

Total Credits 3

Admissions & Policies

Admissions

The minor is available only to students outside of the Health Administration major.

Policies

At least 12 credits must be unique to the minor and cannot be used to fulfill the program of study requirements of the student's major, concentration, undergraduate certificate, or another minor. Students should be familiar with university-wide requirements for minors described in AP.5.3.4 Minors.
